An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: At p. 1 after the title - -This application is a 371 of PCT/DK01/00148 filed 03-07-2001.- - has been inserted.

The following is an examiner's statement of reasons for allowance: The 35 USC 102 rejection is overcome because distillation (using a different type of distillation) of citalopram prepared in a different way is taught by Bogeso et al. See applicants' arguments. The 35 USC 103 rejection is overcome since there is no teaching that there are higher boiling impurities present in citalopram prepared by the instant cyano exchange reaction and thus no motivation to use film distillation. See p. 6-8 of applicants' response.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Bernard Dentz at telephone number 703 308-4544.
